'ROAD TO LOVE' LIES IN ARABIA

Far-off Arabia, or any other point in the Orient, always has a strong appeal to the maker of photoplays and to the followers of screen offerings. There are certain artists whose work is best in this class of film and one of these is Lenora Ulrich, the Oliver Morosco star who made her first prominent stage success in "The Bird of Paradise," and at the same time did a great deal to bring Hawaiian music to its present pinnacle of popularity throughout the United States. Lenora Ulrich is appearing at the Liberty theater for the first part of the present week as the featured star in "The Road to Love," a romantic drama that has for its setting the Arabian desert, that introduces a number of the curious customs of the Orient and that brings together the Occident and the Orient. Oliver Morosco has long enjoyed the reputation of being the most painstaking theatrical producer in the country. He is most insistent that attention be given to details and the result in the present instance is an exceptionally good and precise portrayal of Arabian scenes as they actually are. Realism is an obsession with Morosco and brings forth demonstrative appreciation on the part of his patrons.

DOUBLE BILL ON FAREWELL NIGHT

A double bill will be the feature of the last performance of the Frawley Company at the Bijou theater tonight, when the company will give "Fair and Warmer" and a number of the high class musical acts which attracted such favorable comment during the beginning of the company's engagement in this city. Frawley, as well as members of the company, will leave Honolulu with many regrets. During their stay here they have made many friends and have won their way into the hearts of many of the prominent families of the city as much by their social graces as by their dramatic art. The performance tonight will be in the nature of a farewell affair. There will be no delays and the various musical acts will be given between the acts of the comedy which made such a hit on the opening night of the company. Frawley stated yesterday that he expected to be absent in the Orient for six months, but that he intended to play a return engagement in this city on his way back to the States.

SPRING FEVER

Not Due to Germs from Without But to Toxins Poisons Within the Body

(By DR. VALENTINE MOTT)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins stored up within the body during the long winter. We eat too much meat, with little or no green vegetables. Spinach should be eaten often because it contains 33 per cent of iron and makes for better nutrition of the blood.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring time of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a one, which I can heartily recommend, is extracted from Blood Root, Golden Seal and Oregon Grape root, made up with chemically pure glycerin and without the use of alcohol. This can be obtained in ready-to-use form anywhere, as druggists have sold it for fifty years as Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form.

A good purge should be taken once a week even by persons who have a movement daily, in order to eliminate matter which may remain and cause a condition of auto-intoxication. To clean the system at least once a week is to practice preventive measures. There is nothing so good for this purpose as tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.—Adv.

LIVELY BOXING SEEN ON SCREEN

Information has reached Honolulu on various and sundry occasions to the effect that prize-fight pictures are paid. Honolulu fight fans and picture fans have taken this information at its face value, but they have been mistaken. There is a cozy little theater located on Hotel street, known as "Honolulu's Amusement Center," also as the Hawaii theater, that is well worth a visit during the early part of the present week and one of the numerous reasons is several rapid rounds of boxing that will make glad the heart of patrons of the squared circle. The Hawaii theater presents a number of stars during the current program, some of whose names are known around the world with the others away to a good start along the same route. Here is the trio that is hard to catch up with: Terrence McGovern, the whirlwind lightweight of not so many years ago; William Collier—it used to be Willie—but with advancing years he becomes more sedate but not in his work before the camera; Douglas Fairbanks, a comedian just arriving but one who promises to reach the top of the ladder of fame in record-smashing time. The last named occupies the most prominent position on the program at the Hawaii probably for the reason that he combines the leading qualities of each of the others.

TWELVE THOUSAND CARS REGISTERED IN DENVER

DENVER, Colo.—There are between 12,000 and 14,000 automobiles in Denver today, or approximately twice as many as there were this time last year, according to Denver Automobile Directory, compiled by the National Investigating Service Company of this city, just off the press and ready for delivery. The directory shows 962 motorcycles in this city. The 1917 directory contains automobile registrations in the office of the secretary of state up to April 4, showing 12,000. They are numerically listed, according to the automobile license number. Motorcycles are listed in the same manner. A supplement to the directory will be issued every month after June 1. The first supplement on June 1 will contain all registrations made since April 4 up to May 31.

Besides the automobile and motorcycle lists, the directory contains a key to the license numbers allotted to the various countries for automobiles and motorcycles; road maps of the principal motor roads throughout the state; road logs of the principal

A GOOD WINTER HABIT

Many people dread winter because the sudden climatic changes bring colds, grippe, rheumatism, tonsillitis or bronchitis. But thousands of well-informed men and women today avoid much sickness for themselves and their children by taking a few bottles of Scott's Emulsion to make richer blood, fortify the membranes of the throat and chest and create body warmth to resist sickness. Soldiers at war receive cod liver oil; it will also strengthen you. Scott & Bown, Bloomfield, N. J. 12-1

Hawaii Theater TONIGHT 7:40

TRIANGLE FINE ARTS CO. PRESENTS

DOUGLAS FAIRBANKS

the Comedian without an equal in Filmdom. The man who outdraws Charlie Chaplin on the mainland. N. Y. Telegraph says: "There are few stars in filmland today who can always draw capacity houses and the name of Doug. Fairbanks is foremost of all."

If you have never seen this wonderful and athletic comedian don't fail to grasp this opportunity of seeing him in his HAWAII debut in

"HIS PICTURE IN THE PAPERS"

A wonderfully well written and acted comedy in five parts which gives "Doug" plenty of scope to display his athletic powers. Boxing, swimming, running and almost everything in the athletic line.

WILLIE COLLIER (the man who is now standing them up on Broadway, New York, in "Nothing But the Truth," which is playing its thirty-first week at the Hawaii in "BETTER LATE THAN NEVER," a 2-part Keystone-Komedy.

You can't beat this for a good clean comedy program. Seven reels in all.

SICK WIFE'S STORY SURPRISES HONOLULU

The following has surprised Honolulu: A business man's wife suffered from dyspepsia and constipation for years. Although she dieted she was so bloated her clothes would not fit. ONE SPOONFUL buckthorn bark, glycerine, etc., as advised in Adler's Emulsion, relieved her. INSTANTLY. Because Adler's Emulsion empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. The Hollister Drug Co.—Adv.

What is the price of this embroidered skirt?

"Madam will find the skirt on the next table—that which she has in the new cape collar!"—Chicago Herald. After the Battle of Mons an officer congratulated an Irishman on his conspicuous bravery under fire. "Well, Pat," he said, "how did you feel during the engagement?" "Feel, captain," answered Pat. "I felt as if every hair on me head was a band of music, and they were all playing 'Home, Sweet Home.'"—Everybody's.

When you're hot AND TIRED
